Never use a water manometer again

Try the new 608 Compact Digital Manometer - by TPI

/ Easy to use
/ State of the art
/ Rugged, reliable, accurate and affordable

The TPI 608 digital manometer is just what the gas professional needs. Extremely easy to use and so small that it easily fits in your pocket or toolbox when not in use.

No more leaking water manometers. You will wonder why no one thought of this years ago.

Ideal for measuring low pressure air and gases.

Perfect for pressure testing appliance burners.

Test Products International (TPI) are one of the world's leading designers and manufacturers of digital handheld test equipment and instruments.
