

# Introducing the new Tuffman 645 Digital Manometer - by TPI

- / Perfect for pressure testing pipework and fittings
- / Gets the job done faster
- / Competitively priced
- / Rugged, reliable, accurate and affordable

The Tuffman 645 digital manometer by TPI, is a compact handheld digital pressure manometer with an exceptional range of features designed for heavy duty use by technicians, plumbers and other gas professionals.

With differential inputs, a large LED display and extended functions, the Tuffman 645 is fast becoming the manometer of choice for gas professionals around the world.

Test Products International (TPI) are one of world's leading designers and manufacturers of digital handheld test equipment and instruments. The Tuffman 645 digital manometer is another great model in their extensive product range.

## FEATURES

- > Differential Inputs with reinforced connectors
- >  $\pm 210$  kPa
- > Seven selectable units of measure kPa, mBar, PSI, mmHg, inHg, inH2O & mH2O
- > Rubber boot and Silicon Tube included
- > Measures positive & differential pressure
- > Push button Zero for altitude correction
- > Backlight with 10 second auto shutoff
- > Manometer auto shutoff after 30 minutes
- > Record function stores Min & Max readings
- > Data Hold to freeze reading on LCD
- > Trim mode (stabilizes readings)
- > 3 year limited warranty

## ACCESSORIES

- > Optional Carry Case

## TECHNICAL SPECIFICATIONS

- > Power Supply (9V)
- > Auto Range (210 kPa)
- > Resolution (0.007 kPa)
- > Accuracy  $\pm 0.2\%$  of full scale +3 digits
- > Over pressure (406 kPa)
- > Vacuum (-101.5 kPa)
- > Relative Humidity (0 to 80%)
- > Operating Temperature (-10°C to +50°C)
- > NOTE - Model 655 same features but auto range is 700 kPa & over pressure is 1000 kPa
